

TOWN of WATERTOWN
Road Bid Assignment
April 14, 2023 11:30am.

Present: J. Thoma, R. Preuss, B. Parsons, J. Wendt
Colin from Scotts Construction and Mike from Fahrner Asphalt

Chairman Thoma stated that the Town has \$140,000.00 to spend on road repairs. He mentioned that he had spoken with a County road maintenance individual and that hot oil and emulsion were both good for road repair. The Town has been using the hot oil method for several years.

Discussion was held regarding the roads to be done. They are Rock River Paradise, Pipersville Road, Gopher Hill Road, Turke Lane, Aliceton Drive, Switzke Road, Emerald Drive and Horseshoe Road.

It was decided to combine the Highway Maintenance Budget (\$223, 150.00) and the Highway Construction amount (\$76,838.00) and do all the roads mentioned, needing to be done. The total amount allotted will be \$299,988.00.

Chairman Thoma made the motion to combine both highway accounts, and switch to having the emulsion process done. Supervisor Blain Parsons seconded the motion to do all roads mentioned previously. Motion carried.

Sweeping is not included but would be done if felt it was. This would be an additional cost.

Scott Construction asked that for the 2024 process that clarification of the type of process be stated, whether it be hot oil or emulsion

Discussion was held with the Fahrner Rep as to a location to stockpile supplies. It was mentioned the end of Granite Lane, or Zillege Lane, Horseshoe Road, or Spruce Drive. These locations will be looked at and the decision referred to Chairman Thoma.

Supervisor Blain Parsons made the motion to adjourn. Chairman Thoma seconded the motion for adjournment. Motion carried.

Respectfully Submitted,
James Wendt/Administrative Clerk
